1990 -	Massachusetts Association for Psychoanalytic Psychology
1994 -	Hispanic Neuropsychological Society

Memberships, Offices and Committee Assignments in Professional Societies (continued):

My clinical practice has focused on psychotherapy and neuropsychological assessment, with emphasis on cross-cultural factors. I have two sites of practice: Brookside Community Health Center and independent practice.

My clinical work is very heterogeneous, spanning many diagnostic categories (severely and persistently mentally ill; medically-involved patients; substance abuse; personality disorder) socioeconomic, and cultural groups.

I have been involved in developing neuropsychological instruments for assessment of monolingual Spanish-speaking patients.

Local Contributions:

- | | |
|-------------|---|
| 1981 | Principal organizer and presenter at conference on Hispanic alcohol use and abuse: primary prevention, intervention and treatment. This two-day conference was sponsored by the Boston Center for Alcohol and Health (Prevention Center) of The Medical Foundation. Participants in conference included social workers, addiction treatment specialists, psychologists and physicians. |
| 1985 | Lecturer at the ACTA/CASA Alcoholism Training and Information Conference on the topic of making alcoholism treatment services culturally relevant to Hispanic clients. Participants in this conference included social workers, psychologists, administrators, and para-professional counselors |
| 1986 - 1987 | Director of Training, City of Boston Department of Addiction Services, Division of Psychiatry (Boston University School of Medicine) and Community Health and Hospital). Direction of all training programs and activities for Addiction Services including medical students, psychiatry residents, social work and psychology interns |
| 1987 | Developer and Principal Lecturer of forty-hour course entitled <u>Hispanic alcoholism: Causes, complications and treatment</u> . This course was sponsored by the Divisions of Alcoholism and Drug Rehabilitation at the Boston City Hospital Alcohol Clinic. Participants included social workers, psychologists, medical students and para-professional addictions counselors. |
| 1988 | Staff Neuropsychologist, Rehabilitation Institute, New England Medical Center. Didactic sessions in neuropsychological syndromes, their evaluation and rehabilitation. Participants included physicians, psychologists, social workers, rehabilitation medicine residents and trainees from various other disciplines |
| 1988 - 1990 | Consulting Neuropsychologist, Supported Employment Program for Persons with Traumatic Brain Injury, Children's Hospital Training and Research Institute for Adults with Disabilities. Didactic sessions for employment training specialists and other clinical staff on traumatic brain injury: etiology, pathophysiology, neuro-behavioral consequences and approaches to rehabilitation |

1988 - 1997	Supervising Psychologist and Neuropsychologist, Division of Psychology at The Cambridge Hospital. Didactic sessions on cross-cultural psychology and neuropsychology for psychology interns, psychiatry residents and neuropsychology fellows.
1988 -	Lectures and consultation to hospitals and community-based programs on cross-cultural mental health and addiction topics
